After a day of traveling I was shocked to read the news of the loss of one of our own. Like the rest of you I was numb with disbelief. I had so many thoughts and feeling flood over me as the reality of what I had just read began to sink in. Larry was a wonderful human being that made you feel like you were a long time buddy after just a few minutes of being around him. I've known Larry for only about eight years, but I can say with conviction, he has always been one of my favorite people to visit with during our company functions. Never judgmental and always warm and welcoming, Larry will be deeply missed by those who had the privilege to know him. It is times like this that make me realize that we always say, "at Northstar we are a family", and that couldn't ring more true this morning as I truly feel as though we have all lost a brother.

While it is "who we are" and "What we do" - there could never be enough words or the "perfect verse" to express a loss that touches so many souls who had the privilege of knowing Larry Jenkins. He was truly one of a kind and will be dearly missed. My thoughts and prayers go out to the entire Jenkins family; That you all know you were truly loved; That you will gain strength as you draw on your memories you've collected together... And as you re-tell HIS stories and YOUR stories (and yes, bicker amongst yourselves as to who has their story straight) may you all feel his warm spirit around you and take comfort in knowing that through the memories and stories, he will still be with you all. Love and ((tight hugs)) Brenda L. Pucino Steverson, Hamlin and Hilbish

Knowing Larry over the years I remember a man easy to laugh and slow to anger. In his professional life he was exacting and went the extra mile to do the little things that others might not even notice. I am still shocked at his passing and can only offer prayers and thoughts of comfort to Leslie and the kids....
